

Dear Potential Student:

We are pleased you are considering Moultrie Technical College for your future training.

In order for you to complete your admission requirements for degree, diploma or even some technical certificates programs, it will be necessary for you to take our placement exam or submit acceptable SAT/CPE or COMPASS scores within a five year period. **The placement exam is offered regularly on the Moultrie, Tifton, and Turner County Campuses. Please contact the admissions office on any of these campuses to schedule your exam. The ATB test is available for PELL seeking students who have not yet obtained their high school diploma or GED.**

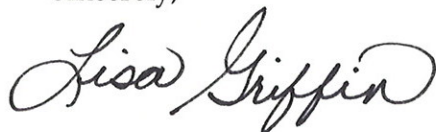

Please have any previous schools (accredited high school, college or university) which you have attended, send an official grade transcript so your admissions process will not be delayed.

If you have any questions concerning the school admission procedures or the financial aid programs available, please do not hesitate to contact our office. You are advised to complete the financial aid application early to assure your eligibility prior to registration day.

Registration for Winter Quarter will be held November 30, 2009
9:00 a.m. - 5:30 p.m.

We look forward to hearing from you.

Sincerely,

Lisa Griffin
Director of Admissions
